

LIGENTEC Product Material Declaration

LIGENTEC is continuously working on the reduction of our environmental impact in accordance with the legal requirements. Products under the scope of the following declaration are: die and wafer level products branded under LIGENTEC. R&D results offered under LIGENTEC Labs and material for the purpose of development projects may not be included in this declaration.

Restriction of Hazardous Substances (RoHS)

Regulation: (EU) 2015/863 / 2011/65/EU

LIGENTEC hereby confirms that its Products are free from “intentionally introduced” lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), bis(2-ethylhexyl) phthalate (DEHP), butyl benzyl phthalate (BBP), dibutyl phthalate (DBP) or diisobutyl phthalate (DIBP) as defined in Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment and all its amendments thereto.

Registration, Evaluation, Authorisation and restriction of Chemicals (REACH)

Regulation: (EC) 1907/2006

LIGENTEC products are classified as Articles under REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) Regulation EC/1907/2006.

LIGENTEC hereby confirms that its Products are free from:

1. Any of the substances in the Candidate List of Substances of Very High Concern (SVHC). This includes the 253 substances announced by ECHA on 4 February 2026.
2. Any of the substances mentioned in Annex XVII and XIV of REACH regulation.

Halogen Free (Bromine & Chlorine)

Regulation: IEC 61249- 2-21

LIGENTEC hereby confirms that its Products are free from halogen (bromine and chlorine) as defined under IEC 61249- 2-21.

Sourcing and usage of rare earth elements

LIGENTEC refers to rare earth elements as described in <https://geology.com/articles/rare-earth-elements/>. LIGENTEC declares that its wafers are free from rare earth elements. If traces of such elements are contained in supplied process chemicals, LIGENTEC will take the necessary actions to secure worldwide supply within standard practices and legal requirements.

Sourcing materials from Conflict Regions

Regulation: (EU) 2017/821 / LR in accordance with the regulations Dodd–Frank Wall Street

LIGENTEC is aware of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Wall Street Reform Act) requirements regarding the sourcing of metals (tin, tantalum, tungsten, gold) from conflict regions. LIGENTEC requests all its relevant suppliers to source for minerals from certified conflict-free smelters validated as compliant by RMAP (Responsible Minerals Assurance Process) protocol. LIGENTEC uses the list of compliant smelters available at the Responsibility Minerals Initiative website (<http://www.responsiblemineralsinitiative.org>) to verify that the smelter is RMAP conformant.
